

Single Point of Access for CAMHS has arrived in Somerset

One number is all you need if you

- are a professional working with Children and Young People and have a concern about their emotional and mental health wellbeing
- need advice or guidance in how to support any young person and their families/ carers but are uncertain about which service may best meet their individual emotional and mental health needs.

Call and speak to our dedicated team on
0300 1245012

Monday to Fridays from 9.00am until 4.30pm

Before you contact us, make sure that you have

- gained the young person/families consent to contact us and that they are happy for us to give them or other services involved a call for further information
- the correct contact details of the young person/family
- 10 - 15 minutes of your time to give us some key information about the young person / family and the concerns.
